Licensed Asphalt Contractor In South Florida

Big D Paving is a full-service asphalt paving and blacktop maintenance company.

Since 1972, we have offered high-quality paving and concrete installation. We also provide excavating, laser grading, and athletic field and sports court construction to complement our paver services. We are based in West Palm Beach, granting us convenient access to cities and communities throughout Palm Beach County as well as Broward, Indian River, Martin and St. Lucie Counties. The Big D Paving experts take great pride in ensuring each project is completed on time and with the attention to detail we are known for.

Trust Our Experienced Paving & Grading Company

No matter what size construction project you have, Big D Paving has the experience, equipment and manpower to get it done. We've built a solid reputation for delivering high-quality workmanship on time. Our attention to detail and commitment to quality ensures you'll receive a superior asphalt surface that will last for years and provide an excellent return on your investment.

When we started Big D Paving, we made three promises to ourselves, which we also extended to our customers. Over the years, our commitment to those promises has enabled us to become a premier provider of asphalt and excavation services.

- **We Maintain the Highest Quality Standards** – We do not compromise quality due to time or budget constraints. We own and operate the best equipment to deliver the best work on schedule.
- **We Never Waver in Our Commitment to Service** – If you have a problem, we'll solve it. If we say we'll do something, we do it. We'll take care of everything to get a job done right, so you don't have to worry about it.
- **Our Pricing Will Always Be Competitive** – We are not price gougers. We give you a fair price every time—without exception.

As a result of these promises, large general contractors repeatedly turn to our company for their paving needs. Commercial property owners depend on us to help with their ongoing repair and

Sports Court Asphalt Paving

West Palm Beach Sports Paved Surfaces

Sports Courts Resurfacing, Repairs & Installation

Big D Paving is an asphalt paving outdoor sports court and athletic field contractor located in West Palm Beach, FL. We serve residential, municipal, and commercial clients throughout Florida and the Bahamas. We specialize in designing and installing new activity asphalt surfaces, such as tennis courts, outdoor basketball courts and baseball fields. We also offer maintenance and resurfacing services to keep your sporting fields and courts looking their best.

We have over 50 years of experience in asphalt paving of new courts construction and resurfacing services. **Big D Paving** is one of South Florida's best tennis court construction companies. We build courts from the ground up, ensuring that with proper care and maintenance, your investment will withstand years of use, extreme weather and the effects of the sun.

Blacktop Sport Courts Construction Company

For decades, we have provided sport court blacktop construction for private homes, school districts, municipalities, subdivisions, resorts and hotels. From at-home basketball courts to resort-quality tennis courts and everything in between, we provide a full suite of services, including site evaluation, design, excavation, site preparation and laser grading. The result is a smooth, attractive, safe playing surface that lasts years.

Our experienced team builds and resurfaces the following types of sporting areas:

- Tennis Courts
- Basketball Courts
- Pickleball Courts
- Shuffleboard Courts
- Multi-Sport Courts
- Running Tracks
- Baseball Fields
- Softball Fields
- Football Fields
- Soccer Fields
- Playground Areas
- Bike & Cart Paths

Asphalt Applications for Sports Courts and Facilities

After building a high-quality activity court, regular care is necessary to maintain an attractive and safe surface. Over time, all play surfaces can show signs of aging, such as fading, cracking, crumbling and holes. Without correct maintenance or resurfacing, cracks can lead to puddling and holes. If left unmaintained, water intrusion will eventually damage your surface beyond repair, leaving demolition and rebuilding your only option. Ensure your court's safety, longevity and durability with proper care and resurfacing from Big D Paving.

Residential Outdoor Athletic Court Builders

Does your family love sports? Play tennis, basketball, or pickleball in your backyard. Your rising star athlete can hone their skills at home even when practice isn't in session. Big D Paving can design and install an outdoor asphalt athletic court for your residential property. If you already have a private paved court needing repairs or resurfacing, we can create a maintenance plan to extend its life.

Commercial Sport Court Flooring Builders

Improve your park, school, resort or rec center with a brand-new outdoor asphalt sports court from Big D Paving. Whether you need a tennis, basketball or multi-sports court, we'll design and construct a court that compliments your existing

space. Our asphalt paving construction background allows us to complete all work in-house, including excavation, site development, laser grading and court installation.

Level the Playing Field with Laser Grading

Laser grading is essential whether you are building a new athletics field or renovating an existing one. Using state-of-the-art laser-guided equipment, Big D Paving creates accurate and consistent grades on all ball fields. Our grading services prevent puddling, soft spots, holes and lips, especially in heavy-use areas. A laser-smooth playing surface increases playability and safety while reducing the risk of injury to players. Routine maintenance of your baseball and softball fields reduces or eliminates the need to add clay and ensures proper drainage.

Palm Beach County Sports Court Construction Contractor

Call 561-697-2443 Today for Your Free Estimate

Whether you need new court or athletic field construction, Big D Paving delivers outdoor activity surfaces at competitive prices. If you need repairs, resurfacing or maintenance grading, we will handle your service with care and professionalism, no matter how big or small the asphalt paving job.

Professional Asphalt & Blacktop Maintenance Company

Preventative asphalt maintenance is crucial to keep your pavement in good condition for user safety and appearance. Over time, traffic and Florida's unrelenting weather can cause asphalt to break down, creating holes and cracks to appear. Without professional attention, your asphalt will continue to deteriorate, making it unsightly and unsafe for drivers and pedestrians. To optimize the safety and longevity of your pavement, we offer the following:

- Pavement Overlay
- Resurfacing

- Asphalt Repair
- Crack Sealing

- Sealcoating
- Asphalt Milling

Why Choose Asphalt Paving?

You should choose hot mixed asphalt because it is the most reliable product for roadways, pathways and driveways. Asphalt is a weather-resistant, durable and affordable option when a safe surface is needed. Adequately installed to grade, it will drain effectively and eliminate standing water. Asphalt is also environmentally friendly as it can be recycled over and over. Fresh-laid asphalt looks attractive and professional and can last decades with proper maintenance.

Concrete Installation Services

Big D Paving provides specialty concrete construction and flatwork for areas better suited for concrete rather than asphalt. When concrete is deemed the better option, our experienced contractors offer the construction of curbs, gutters, French drains, catch basins, sidewalks and dumpster pads.

- Parking Lots
- Driveways

- Roads
- Sidewalks

- Sports Courts
- Railroad Crossings
